KRISTINE CABANADA

Sampaloc, Manila, Philippines | +63 907 048 8267 | tin.cabanada@gmail.com | LinkedIn

SUMMARY

Fourth-year BS Information Technology student at the University of Santo Tomas with hands-on experience building full-stack web applications and designing databases. Works primarily with **React**, **TypeScript**, **ASP.NET**, **PHP**, and **MySQL**, focusing on user-centered solutions.

EDUCATION

University of Santo Tomas, College of Information and Computing Sciences — Manila, Philippines
Bachelor of Science in Information Technology | Aug 2023 – Jun 2027 (Expected)
Dean's Lister — A.Y. 2024-2025 (2nd Term), A.Y. 2025-2026 (1st & 2nd Term)

PROJECTS

AGOS — Smart Transit Companion, Capstone Jun 2026 – Present
React, TypeScript, Vite, Tailwind CSS

- Engineered an offline-first transit companion for Pasig River Ferry commuters, calculating live ETAs from GPS telemetry across all 13 PRFS ferry stations.
- Architected multimodal last-mile routing using Dijkstra's algorithm, designed to compute routes in real time under offline-first constraints.

Solteira & Brands — Integrated Inventory & Ordering System (QA Tester) Jan – Jul 2026
Platform stack: ASP.NET, MySQL, Tailwind CSS

- Performed quality assurance testing on an inventory, order processing, and delivery-monitoring platform for a fine-jewelry retailer, validating functionality and catching defects ahead of release.
- Logged defects and tracked them through resolution with the development team ahead of client delivery.

WellByte — Student Wellness & Time-Management Portal Jan – May 2026
PHP, Firebase, Tailwind CSS

- Built a student wellness and time-management portal for CICS students, integrating PHP and Firebase for real-time back-end data handling.

Café Alnardo — Café Ordering & Business Website Aug – Dec 2025
ASP.NET, MySQL, Tailwind CSS

- Developed a full-stack café ordering platform using ASP.NET and MySQL, enabling online browsing and ordering for a 20-item menu.
- Designed a responsive, mobile-first Tailwind CSS front-end for ordering by both walk-in and remote customers.

Shelter of Light: Light a Life — Nonprofit Awareness Platform Jan – Apr 2025
PHP, MySQL, Tailwind CSS

- Developed a web platform using PHP and MySQL to showcase rescue operations and mental health and education advocacy for a Quezon City animal rescue.

CERTIFICATIONS

- Python Essentials 1 (Sep 2026)
- CCNA: Enterprise Networking, Security, and Automation — Cisco Networking Academy (Jan 2026)
- CCNA: Introduction to Networks — Cisco Networking Academy (Feb 2025)
- IT Fundamentals+ (ITF+) — CompTIA (May 2024)

LEADERSHIP

Associate Team Head, Internal Affairs Committee — UST SITE 2023 – 2024

- Supported internal coordination and communication across the organization’s teams for committee activities and initiatives.

TECHNICAL SKILLS

Programming Languages: TypeScript, JavaScript, PHP, C#, Python, Java, Kotlin
Web Development: HTML, CSS, React, React Native, Node.js
Database Management: SQL, MySQL, MongoDB
Frameworks & Libraries: ASP.NET, Tailwind CSS, Laravel, Bootstrap
Cloud & Other Technologies: Firebase, AWS, Linux
Development & Design Tools: Git, GitHub, Vite, HeidiSQL, Android Studio, Visual Studio Code, Figma
